Please indicate in which way(s) your experience from this workshop is likely to have a direct impact on the language teaching profession on a local/regional or national level:

As a lecturer of English language and culture I believe this workshop will have a direct impact on my teaching. Teaching and learning about other cultures is an important topic in our English language teaching programme, one aim of which is to raise students' cultural awareness as well as give them advice in teaching culture related topics in English classes at primary school. Hopefully, this workshop will also help to facilitate student mobility.

As a teacher trainer in both pre- and in-service I can disseminate the ideas suggested in the workshop on a national level.
